Muhammad Abdullah Iqbal

03006518877 | abdullahiqbal27122004@gmail.com | Lahore, Pakistan

Summary

AI Full-Stack Engineer bridging **pure Machine Learning, Generative AI**, and robust **software architecture**. Proven track record in **technical leadership and research**, with hands-on expertise building scalable **MERN** applications and automating complex workflows via **n8n**. Passionate about leveraging **behavioral psychology, NLP, and Computer Vision** to architect intelligent, human-centric systems and drive cross-functional team success.

Skills

- **AI & ML:** Machine Learning, Generative AI, Natural Language Processing, Computer Vision, PyTorch, Hugging Face
- **Development:** MERN Stack, React.js, Node.js, REST APIs, System Design, n8n, Linux, Computer Networking
- **Databases:** MongoDB, PostgreSQL, Supabase, Firebase, MySQL
- **Tools & Devops**: Git, GitHub, Postman, Streamlit, Expo
- **Core Concepts**: OOP, Data Structures & Algorithms, SOLID Principles, Database Design, System Design

Education

National University of Computer and Emerging Sciences | Lahore, Pakistan
BSc (Computer Science) | 07/2027

- ***CGPA**: 3.63/4.00*
- **Honors:** Dean's List (x4) – *Awarded for consistent academic excellence across four consecutive semesters.*

Projects

Aniporia | AI Note Analysis & Tutoring Engine | *Lead AI Engineer* | 01/2026 - 04/2026

- Digitized messy notes via YOLO and TrOCR, and leveraged the Gemini API to map 3D learning pathways, automating 100% of manual academic gap analysis, achieving a accuracy of almost 89.4%.

ABX-Chat | Real-Time Communication Engine | *MERN Stack Developer* | 12/2025 - 01/2026

- Architected a zero-latency Socket.io backend handling real-time presence and Base64 media streaming, achieving secure cross-platform communication with 0 reliance on third-party SDKs.

Experience

FAST National University | Lahore, Punjab
Teaching Assistant (TA) | 08/2025 - Present

- Mentor 100+ students in Operating Systems (Spring '26) and Computer Org & Assembly (Fall '25) by facilitating lab sessions and technical reviews.
- Evaluate student performance through rigorous vivas and projects, and streamline grading workflows to provide detailed feedback.

Certifications & Coursework

- **Data Science:** Intro to Data Science in Python, Applied Plotting & Data Representation (Univ. of Michigan).
- **Tech & AI:** Microsoft Azure AI Fundamentals, IBM Data & Cybersecurity Fundamentals.
- **Leadership:** Aspire Leaders Program (Harvard Business School).
